Re: Verizon Communications Inc. and MCI, Inc., Applications for Approval of Transfer of Control, WC Docket No. 05-75 - REDACTED

Dear Ms. Dortch:

Pursuant to staff's request for further information, Verizon has enclosed excel files identifying carriers that are collocated in Verizon wire centers. Verizon has identified these carriers' collocation arrangements based on physical inspections of a number of Verizon wire centers and on information obtained from Verizon billing records. Because these files contain both CLEC and Verizon proprietary information, Verizon requests that these files be kept confidential pursuant to the Commission's First Protective Order issued in this proceeding, *Verizon Communications Inc. and MCI, Inc., Applications for Approval of Transfer of Control*, WC Docket No. 05-75, Protective Order, DA 05-647, rel. March 10, 2005.

Sincerely,

Attachment
